

Part 4

Andy Frost

Jesus Revealed

2 OF 2

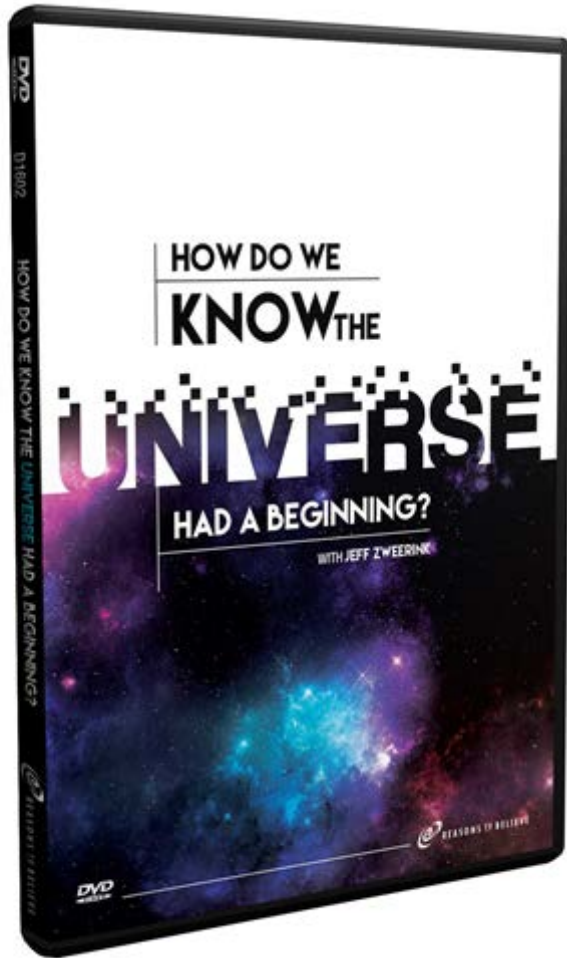

Description

It's time to encounter the authentic Jesus! In this fresh and innovative series of short teaching films, church leader and gifted communicator Andy Frost asks us to take a new look at Jesus. Is he the Jesus we think we know? Built around remarkably authentic dramatic reenactments from the Gospels combined with Frost's incisive biblical commentary, each 12-15 minute episode will peel away our safe and sanitized views of Jesus and reveal the original Jesus of the Gospels. Each installment includes challenging questions for discussion and meditative prayers by Andy Frost.

Description

As scientists continue to probe into the early moments of the universe, some are proposing models that challenge the long-established big bang model. Does this new approach overturn Scripture's teaching that the universe had a transcendent Beginner? If so, what impact might this have on Christian apologetics? Astrophysicist Dr. Jeff Zweerink surveys the historical development of big bang cosmology and offers a solution that could help resolve the tension about emerging discoveries.
